Letter of Recommendation for Professional Services

To Whom it may concern,

I am writing this letter to recommend Etibar Shirinov for the professional services in area of IT Governance. He managed a project in IT Governance, Development of IT Policies and Procedures, held 3 day practical training course for IT Department of Demirbank in 2010. As a project coordinator, I have supervised his work and assure you that Etibar provided high level of service to our Bank.

He is an excellent team member and works in coordination with rest of the team. He encourages other team members to achieve their targets. Etibar has highly appreciated communication skills and has the expertise to manage client needs.

I would like to thank him for his efforts. I hope that you would consider my recommendation. If you require any personal confirmation please feel free to contact me directly.

Regards,

Yusif Jabbarov,
Vice Chairman
